

Chipper says, "Go Mobile with LifeCubby on your iPad, iPhone, Smart Phone or Tablet!"

Good News!! LifeCubby's entire, robust website is web optimized with a "Responsive" design! What that means is our users can access all of LifeCubby's features on LifeCubby's entire website anytime, anywhere you have access to the cloud!

You don't have to download or pay for an app - it's completely FREE to access LifeCubby from any mobile device, and you won't have to worry about operating system compatibilities or app updates!

Do you have an iPhone or an iPad? Put our icon on your home screen by following these easy instructions:

1. Open LifeCubby and tap the forward arrow icon next to the URL bar

2. Click the LifeCubby icon

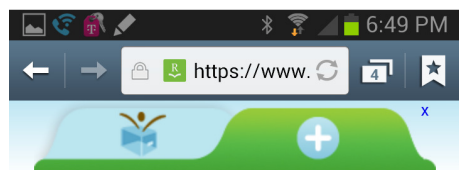

3. LifeCubby will automatically be added to your home screen once you tap "Add"

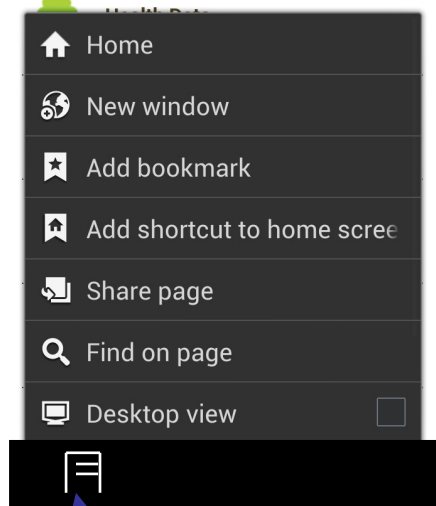

Doing mobile uploads with LifeCubby is easy, fun and rewarding! Get started today!

It Works Great on Android, too!

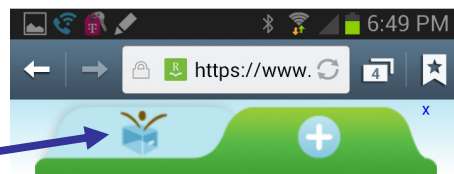

Observations

Step 2.
Tap the menu button that is at the bottom left of your device. This will cause the menu you see above to pop up.

Step 1.
Launch and log-on to LifeCubby from your Android phone or tablet

Observations

Health Data

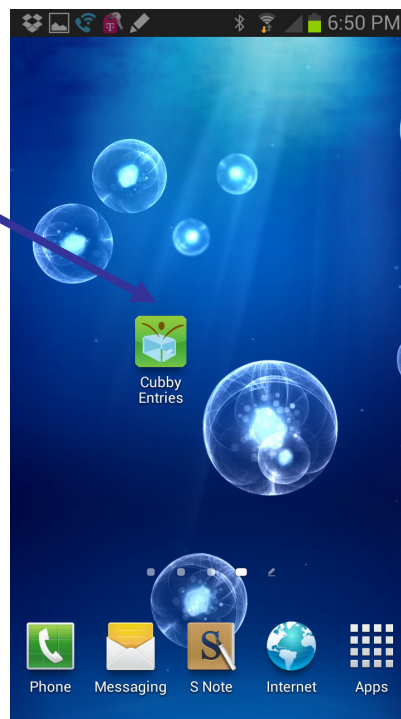

Newsletters & Forms

Screenings & Assessments

Lesson Planning & Scheduling

Step 3.
Tap "Add shortcut to home screen"

Step 4.
Congratulations! The LifeCubby icon will be on your home screen!

NOTE: If your Android device is timing-out during photo or video uploads to LifeCubby (this can happen with older model Androids), try going to your camera settings and adjusting the following:

- Resolution = 640x480
- Image Quality = Normal
